ROAD,VENGIKKAL,TIRUVANNAMALAI-606604**

JUNE-2024

FOODZONE WEBSITE

1. Introduction:

The FoodZone website is a responsive web application designed to showcase various food items and related services. It provides users with information about different food offerings, pricing plans, client reviews, blogs, and contact details. The website is built using HTML, CSS, and JavaScript, with the addition of various external libraries for enhanced functionality and design.

2. Project Structure

- **HTML Files:** The primary structure of the website.
- **CSS Files:** Styling of the website, including layout, fonts, and responsiveness.
- **JavaScript Files:** Adding interactivity to the website.
- **Images:** Used for displaying food items, client reviews, and blog posts.

3. HTML Structure

3.1 Head Section

- **Meta Tags:** Define the character set, viewport settings, and compatibility settings for Internet Explorer.
- **External CSS Links:**
 - **Swiper CSS:** For the slider functionality.
 - **Font Awesome:** For using icons throughout the website.
 - **Custom CSS:** Link to the main stylesheet, style.css.

3.2 Body Section

3.2.1 Header Section

- **Logo:** Includes a logo icon and the website name "Food Zone."
- **Search Form:** An input field for users to search for food items.
- **Icons:** Interactive icons for search, theme change, user login, and menu.
- **Navigation Bar:** Links to different sections of the website (Home, Packages, Services, Pricing, Review, Contact, Blogs).

3.2.2 Home Section

- **Image and Content:** Displays an eye-catching image of a burger and text promoting the website.
- **Explore Button:** A call-to-action button that encourages users to explore the website.

3.2.3 Filter Form Section

- **Form Fields:** Input fields for users to search places, select a date, and choose a time for booking.

3.2.4 Packages Section

- **Heading:** Highlights the food items available.
- **Food Items:** Displays various food items, including images, prices, and order buttons.

3.2.5 Pricing Section

- **Plans:** Displays different pricing plans (Basic, Standard, Premium) with their respective benefits and costs.

3.2.6 Review Section

- **Client Reviews:** Features testimonials from clients, with images, names, reviews, and star ratings.
- **Swiper Slider:** Implements a slider to showcase multiple reviews.

3.2.7 Contact Section

- **Form:** Allows users to send a message by providing their name, email, phone number, subject, and message.

3.2.8 Blogs Section

- **Blog Posts:** Displays blog articles with images, titles, read more buttons, and meta information like date and author.

3.2.9 Footer Section

- **Branches:** Lists the different locations where the FoodZone branches are located.
- **Quick Links:** Provides navigation shortcuts to various sections of the website.
- **Contact Info:** Displays email, phone number, and address for contact.
- **Social Media Links:** Includes icons and links to social media profiles.

4. CSS Styling

4.1 Root Variables

Defines the primary color scheme and default styles for text, background, and box shadows.

4.2 Global Styles

- **Font Family:** Poppins, imported from Google Fonts.
- **Base Styles:** Resetting margins, padding, and box-sizing for consistency.

4.3 Specific Section Styles

- **Header:** Fixed positioning with a background color and box shadow for a floating effect.
- **Buttons:** Custom styling for the buttons with hover effects.
- **Sections:** Padding and layout settings for each section.

4.4 Responsive Design

- **Media Queries:** Ensures the website is fully responsive across different screen sizes.

5. JavaScript Functionality

5.1 AOS (Animate On Scroll)

- **Initialization:** The AOS library is used for smooth animations as the user scrolls through the website.
- **Custom Settings:** Duration and delay for animations.

5.2 Swiper.js

- **Initialization:** Handles the slider functionality for the review section.
- **Custom Settings:** Configurations for the Swiper slider, such as autoplay, navigation, and pagination.

6. External Resources

- **Font Awesome:** Used for icons.
- **Google Fonts:** Poppins font.
- **Swiper.js:** For the review slider.
- **AOS.js:** For scroll animations.

7. Conclusion

The FoodZone website effectively showcases the food offerings and services in a user-friendly and visually appealing manner. The combination of HTML, CSS, and JavaScript, along with external libraries, provides a seamless and interactive experience for users.

Pic 8 Contact and message section:

The screenshot shows a web browser window displaying the 'Contact Us' page of the 'Food Zone' website. The browser's address bar shows '127.0.0.1:58652/index.html'. The website's header includes the 'Food Zone' logo, a search bar, and navigation icons. The main content area features a 'Contact Us' heading, followed by input fields for 'name', 'email', 'number', and 'subject', and a larger text area for 'your message'. A 'Send Message' button is positioned below the message field. The Windows taskbar at the bottom shows the system clock as 08:15 on 23-09-2024, with a weather forecast of 23°C and 'Mostly sunny'.
